

Flood Masters provided outstanding service during our stressful and frustrating experiences with three hurricanes. Henry Labrie and his company evaluated our situation, explained in detail the procedures necessary to rectify the problems, documented with photos and narratives the damage/repairs, performed the repairs in a timely manner, and actively pursued the insurance claim on our behalf.

With a busy dental practice, it is imperative that our downtime was kept to a minimum. Flood Masters went beyond the call of duty to insure that we remained open during our extensive repairs by working through the nights and weekends. Without Flood Masters, I would have experienced extensive downtime, stress in dealing with the insurance adjustor, and delays in solving our damage problems. I was able to focus on my practice while Flood Masters solved the insurance and damage stress.

I can highly recommend Flood Masters for hurricane and water damage.
