

MEMORIAL BAPTIST CHURCH

DON CHAPMAN

FloodMasters, LLC handled our Church remediation and rebuild efficiently and honorable way. I have the utmost confidence in our Project Manager Tom Ferguson's Abilities to get the job completed. He by far exceeded our expectations.

FloodMasters dealt with our Insurance Company which in turned gave us the opportunity to deal with our daily work at hand.

We are so very pleased with the work that was done. I not would hesitate to use FloodMasters or recommend them again in the future if the need arose.
