To Whom It May Concern:

I am writing this correspondence as a testament on behalf of the Congregation of Zion Hill to the Quality of Work and Assistance provided by Floodmasters, and their representative Jimmy Knox, after Hurricane Rita devastated our Sanctuary and Educational Building. Our interaction with the Insurance Carrier had not resulted in a positive outcome for the church and we were becoming anxious about how to proceed. When we were introduced to the flood masters crew, negotiations became positive, and we have since fully restored both facilities. Working with flood masters has allowed us to completely remodel and update those facilities increasing their lifespan and appearance. I would encourage anyone anticipating a project to consider their services during the planning stages of your project.

Please do not hesitate to call if you would like more information.

Sincerely,

Bro. Allan Ray Thomas Sr.
